

SEN Information Report 2017

Name of the school: Aldersbrook Primary School

This Special Educational Needs Report should be read in conjunction with the SEN Policy

1) Aims of our provision in regards to pupils with special educational needs and/or disability

The aims of our policy and practice in relation to special educational need and disability in this school are:

- To make reasonable adjustments for those with a disability by taking action to increase access to the curriculum, the environment and to printed information for all.
- To ensure that children and young people with SEN engage in the activities of the school alongside pupils who do not have SEN.
- To reduce barriers to progress by providing high quality teaching across the school.
- To use our best endeavours to secure special educational provision for pupils for whom this is required, that is “additional to and different from” that provided within the differentiated curriculum, to better respond to the four broad areas of need:
 1. Communication and interaction – e.g. Autistic Spectrum Disorder, Asperger’s Syndrome, Selective mutism, speech and language difficulties
 2. Cognition and learning – e.g. Moderate Learning difficulties, Specific learning difficulties – dyslexia, dyspraxia
 3. Social, mental and emotional health – e.g. Attention deficit hyperactivity disorder, anxiety
 4. Sensory, medical and physical – e.g. hearing impairment, visual impairment, epilepsy, diabetes
- To request, monitor and respond to parent/carers’ and pupils’ views in order to evidence high levels of confidence and partnership.
- To support all staff in meeting pupil needs by providing well-targeted continuing professional development.
- To support pupils with medical conditions to achieve full inclusion in all school activities by ensuring consultation with health and social care professionals in order to meet the medical needs of pupils.
- To work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.

2) What are special educational needs (SEN) or a disability?

At Aldersbrook Primary we use the definition for SEN and for disability from the SEND Code of Practice (2014). This states:

- Special Educational Needs: A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.
- A learning difficulty or disability is a significantly greater difficulty in learning than the majority of others of the same age.
- Special educational provision means educational or training provision that is additional to, or different from, that made generally for others of the same age in a mainstream setting in England
- Disability: Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is ‘...a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities’.

3) The kinds of special educational needs (SEN) for which provision is made at the school

- Children and young people with SEN have different needs, but the general presumption is that all children with SEN but without an Education, Health and Care Plan (EHCP) are welcome to apply for a place at our school, in line with the school admissions policy. If a place is available, we will undertake to use our best endeavours, in partnership with parents, to make the provision required to meet the SEN of pupils at this school.
- For children with an EHCP, parents have the right to request a particular school and the local authority must comply with that preference and name the school in the EHC plan unless:
 - i) it would be unsuitable for the age, ability, aptitude or SEN of the child or young person, or
 - ii) the attendance of the child or young person there would be incompatible with the efficient education of others, or the efficient use of resources.
- Before making the decision to name our school in a child’s EHCP, the local authority will send the governing body a copy of the EHCP and then consider their comments carefully before a final decision on placement is made.
- Parents of a child with an EHCP also have the right to seek a place at a special school if they consider that their child’s needs can be better met in specialist provision.

4) How does our school know if children need extra help?

We know when a pupil needs help if:

- Questions are raised by parents/carers, external agencies, teachers, the pupil's previous school or the pupil themselves, regarding levels of progress or inclusion.
- Assessment, such as that completed on entry or as a result of an identified need being raised, indicates gaps in knowledge and/or skills.
- Whole school tracking of attainment outcomes indicates lack of expected rate of progress.
- Observation of the pupil indicates that they have additional needs.

All or some of the above may apply and are carefully considered through systems, such as Pupil Progress meetings, and those set out in the school policies including SEN and Assessment Policies.

5) What should a parent do if it thinks their child may have special educational needs?

- If parents have concerns relating to their child's learning or inclusion then please initially discuss these with your child's teacher. This then may result in a referral to the school SENCo whose name is Mrs P Sall. They can be contacted via the school email address: admin.aldersbrook@redbridge.gov.uk.
- We value the opportunity to work closely with parents whose views and aspirations for their child will be central to the assessment and provision that is provided by the school.

6) How will the school support a child with SEND?

All pupils will be provided with high quality teaching that is differentiated to meet the needs of all learners. The quality of classroom teaching provided to pupils with SEND is monitored through a number of processes that include:

- Classroom observation by the senior leadership team, the SENCo, external verifiers,
- On-going assessment of progress made by pupils with SEND,
- Work sampling and scrutiny of planning to ensure effective matching of work to pupil need,
- Teacher meetings with the SENCo to provide advice and guidance on meeting the needs of pupils with SEND,
- Pupil and parent feedback on the quality and effectiveness of interventions provided,

Pupils with a disability will be provided with reasonable adjustments (such as auxiliary aids and services) to overcome any disadvantage experienced in schools and increase their access to the taught curriculum.

All pupils have individual targets set in line with national outcomes. Parents are informed of these via the reporting system and also at events such as Parents' Evenings.

Pupils' attainments are tracked using the whole school tracking system and those failing to make expected levels of progress are identified quickly. These pupils are then discussed in Pupil Progress meetings that are undertaken between the class teacher and the Senior Leadership team.

Additional action to increase the rate of progress will be then identified and recorded this will include a review of the impact of the differentiated teaching being provided to the child, and if required, provision to the teacher of additional strategies to further support the success of the pupil.

Where it is decided during this early discussion that special educational provision is required to support increased rates, parents will be informed that the school considers their child may require SEN support and their partnership sought in order to improve attainments.

Action relating to SEN support will follow an assess, plan, do and review model: Which is exemplified in the SEN Code of Practice 2014

- i) Assess: Data on the pupil held by the school will be collated by the class teacher/SENCo in order to make an accurate assessment of the pupil's needs. Parents will be invited to this early discussion to support the identification of action to improve outcomes.
- ii) Plan: If review of the action taken indicates that "additional to and different from" support will be required, then the views of all involved including the parents and the pupil will be obtained and appropriate evidence-based interventions identified, recorded and implemented by the class/subject teacher with advice from the SENCo.
- iii) Do: SEN support will be recorded on a plan that will identify a clear set of expected outcomes, which will include stretching and relevant academic and developmental targets (this may including for young people, targets around preparing for adulthood) that take into account parents' aspirations for their child. Parents and the pupil will also be consulted on the action they can take to support attainment of the desired outcomes. This will be recorded and a date made for reviewing attainment.
- iv) Review: Progress towards these outcomes will be tracked and reviewed termly with the parents and the pupil.

If progress is limited despite the delivery of high quality interventions, advice will always be sought from other agencies regarding strategies to best meet the specific needs of a pupil. This will only be undertaken after parent permission has been obtained and may include referral to:

1. Local Authority Support Services – including Educational Psychologists

2. Specialists such as outreach support services (New Rush Hall, Newbridge and Hatton and Churchfields Language unit) and speech and language therapists
3. Social Care Services – as discussed with parents
4. Health partners such as School Nurse and Child & Adolescent Mental Health Service

For a very small percentage of pupils, whose needs are significant and complex and the SEN Support required to meet their needs cannot reasonably be provided from within the school's own resources; a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided.

7) How will pupils be involved in decisions regarding provision that can better meet their needs?

This school uses pupil centred Individual Education Plans (IEPs). These are completed by the pupils themselves and identify their abilities and strengths, their personal aims and the action they require to be taken by the school to reduce barriers to learning and social success. Each term information will be reviewed and the pupil's views gained on the effectiveness of the action taken so far to meet their needs.

8) How will the curriculum be matched to each child's needs?

- Teachers plan using pupils' achievement levels, differentiating tasks to ensure progress for every pupil in the classroom.
- When a pupil has been identified as having special educational needs, the curriculum and the learning environment will be further adapted by the class teacher to reduce barriers to learning and enable them to access the curriculum more easily.
- These adaptations may include strategies suggested by the Special Educational Needs Coordinator (SENCo) and/or external specialists.
- In addition if it is considered appropriate, pupils may be provided with specialised equipment or resources such as ICT and/or additional adult help. All actions taken by the school will be recorded and shared with parents.

9) How will parents know how well their child is doing?

Attainment towards the identified outcomes will be shared with parents regularly through progress meetings, also through the school reporting system and Parents' Evenings.

Parents are encouraged to arrange an appointment to discuss their child's progress with the class teacher, the SENCo or a member of the Senior Leadership Team at any time when they feel concerned or have information they feel they would like to share that could impact on

their child's success. Please contact the school office who will arrange this appointment for you. The contact number is 020 8989 0210 school email: admin.aldersbrook@redbridge.gov.uk

10) How will parents be helped to support their child's learning?

- Please look at the school website. It can be found at www.aldersbrook.redbridge.sch.uk and includes links to websites and resources that we have found useful in supporting parents to help their child learn at home.
- The class teacher or SENCo may also suggest additional ways of supporting your child's learning.
- The school organises a number of parent workshops during the year. These are advertised in the school newsletter and on our website and aim to provide useful opportunities for parents to learn more about how to support your child's learning. You can also contact Mr Gibson our Parent Support Advisor for more details.

11) How will the school evaluate the effectiveness of the SEN provision made for pupils?

The effectiveness of SEN provision will be measured using both qualitative and quantitative data. Qualitative data will gather the views of parents and pupils on how successful the provision has been in enabling them to attain their outcomes. Quantitative data will examine both progress and attainment levels compared to those achieved nationally for pupils with the same level prior learning level. This data will be shared termly with governors and be may be scrutinised by external moderators such as Ofsted.

12) Pupils with medical needs

Pupils with medical needs will be provided with a detailed Individual Health Care Plan, compiled in partnership with the school nurse and parents and if appropriate, the pupil themselves. In some case this will be an integral part of a statutory Educational Health Care Plan.

Staff who volunteer to administer and supervise medications, will complete training overseen by a relevant health care professional such as a school nurse. This training will be recorded in the Health Care Plan

All medicine administration procedures adhere to the Department of Education (DfE) guidelines included within 'Supporting pupils at school with medical conditions.' (DfE) 2014, and identified in the School Medicine Administration Policy.

13) What training do the staff supporting children and young people with SEND undertake?

In the last two years school staff have received a range of training at three levels; awareness, enhanced and specialist.

Awareness training has been provided to all staff on:

Dyslexic Friendly Strategies

How to support pupils with mental health difficulties.

Positive Handling Techniques

How to support pupils with speech, language and communication difficulties

How to support children with physical needs fine and gross motor skills; Sherborne, Healthy hands, Dyspraxia.

Differentiation - How to support children's learning across the curriculum at different levels and with different needs.

Questioning skills

Developing early writing skills.

Numicon

Visual Impairment training including the use of Braille

All staff are encouraged to take a lead in their professional development and are encouraged to access taster sessions at Hatton Special School School.

The school has regular visits from an LA Educational Psychologist, SEN specialists who provide advice to staff to support the success and progress of individual pupils.

The school receives visits from the Speech and Language Therapist who provides advices on assessing and planning for targeted children.

The school has also employed a trained counsellor to help support children's emotional and mental health.

The Governor with specific responsibility for SEN has participated in SEN Governor training.

14) How will my child be included in activities outside the classroom including school trips?

- Risk assessments are carried out and procedures are put in place to enable all children to participate in all school activities.
- The school ensures it has sufficient staff expertise to ensure that no child with SEND is excluded from any school provided activity.

15) How accessible is the school environment?

Personal Emergency Evacuation Plans (PEEP) are produced for staff, pupils and visitors on a 1-2-1 basis as needed.

16) How will the school prepare/support my child when joining or transferring to a new school?

A number of strategies are in place to enable effective pupils' transition. These include on entry:

- A planned introduction programme is delivered in the summer term to support transfer for pupils starting school in September.
- Parent/carers are invited to a meeting at the school and are provided with a range of information to support them in enabling their child to settle into the school routine.
- The SENCo meets with all new parents of pupils who are known to have SEND to allow concerns to be raised and solutions to any perceived challenges to be located prior to entry.
- If pupils are transferring from another setting, the previous school records will be requested immediately and a meeting set up with parents to identify and reduce any concerns.

17) Transition to the next school, preparation for adulthood and independent living

- The transition programme in place for pupils provides a number of opportunities for pupils and parents to meet staff in the new school. These opportunities are further enhanced for pupils with SEND Transition books are used to help some children with SEN manage the change of staff and environment.
- The annual review in Y5 for pupils with a statement of educational need or an EHCP begins the process where parents are supported to make decisions regarding secondary school choice.
- Parents will be encouraged to consider options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information provided is comprehensive but accessible.
- Accompanied visits to other providers may be arranged as appropriate.
- For pupils transferring to local schools, the SENCo's of both schools meet to discuss the needs of pupils with SEN in order to ensure a smooth transition.

After school:

- Parents may like to use the website of the National Careers Service

www.nationalcareersservice.direct.gov.uk that offers information and professional advice about education, training and work to people of all ages or examine options identified in the local offer published by the local authority www.redbridge.gov.uk/localoffer which set out details of SEN provision - including the full range of post-16 options - and support available to children and young people with SEN and disabilities to help them prepare for adulthood, including getting a job.

18) How are the school's resources allocated and matched to children's special educational needs?

The school receives funding to respond to the needs of pupils with SEND from a number of sources that includes:

- The Notional SEN budget. This is a fund devolved to schools to support them to meet the needs of pupils with SEND.
- For those pupils with the most complex needs, the school may be allocated additional educational needs funding from the Local Authorities High Needs SEN Funding allocation. This funding is then used to provide the equipment and facilities to support pupils with special educational needs and disabilities through support that might include:

Targeted differentiation to increase access to text (accessible text, IT e.g. read aloud software, different recording strategies, additional time etc.)

In class, additional adult support aimed at increasing skills in specific area of weakness (learning behaviours, organisation, etc.)

Out of class support (relationship building, social, emotional skill development)

Small group tuition to encourage catch up (subject or targeted at additional need)

Specific support, advice and guidance is provided to parents and families to improve pupil's readiness for learning (relating to pupil's difficulties in attendance, behaviour, physiological and emotional needs etc)

Provision of specialist resources or equipment (use of ICT, sloping board, electronic versions of text etc)

Partnership working with other settings (shared resources e.g. shared expertise: support from local special school and outreach teams to improve inclusion)

Use of specific environments in school such as work stations, nurture groups, study support centre, sensory rooms.

Access to the school nurse and wider health professional support (responding to mental and physical health issues, speech, language and communication needs, motor control and mobility needs)

Access to support from in-school sources e.g. learning mentors (peer or adult) or from outside agencies including and charity and community sources (e.g. Youth and Church groups, local businesses).

Implementation of strategies from support agencies e.g. Behaviour Support/Educational Welfare Support.

In addition: The Pupil Premium funding provides additional funding for pupils who are claiming Free School Meals, who are in the care of the local authority, or have been adopted from local authority care or whose parents are in the Armed Services. The deployment of this funding is published on the school website.

If parents wish to discuss the options available for their child, they are welcome to make an appointment to see the class/subject teacher, SENCo or a member of the Senior Leadership Team.

19) How are decisions made about how much support each child will receive?

- For pupils with SEN but without a statement of educational need/EHCP, planning the support provided is led by the Senior Management of the school and the SENCO advising the class teacher. Parents are involved in this through parent meetings as outlined in the SEN policy. Deployment of funds is overseen by the Governing Body
- For pupils with a statement of educational need/EHCP, this decision will be reached in agreement with parents when the EHC Plan is being produced or at an annual review of an EHC Plan. The Local Authority administers and delegates the High Needs Funding which resources the EHC Plan.

20) How will parents be involved in discussions about and planning for the child's education?

This will be through:

- discussions with the class teacher, SENCo or Senior Leadership Team member,
- during parents evenings,
- meetings with support and external agencies.

21) Who can I contact for further information or if I have any comments, concerns or complaints?

If you wish to discuss your child's special educational needs or are unhappy about any issues regarding the school's response to meeting these needs please contact the following:

- Your child's class teacher,
- The SENCo,
- The Headteacher,
- For complaints, please see the school Complaints Policy on the school website;
<http://www.aldersbrook.redbridge.sch.uk/Parents>

22) Support services for parents of pupils with SEN include:

- The Redbridge Information and Advice Support Service (RIASS) offers impartial advice and support to parents and carers of all children and young people with SEND

<https://find.redbridge.gov.uk/kb5/redbridge/fsd/service.page?id=ksJVHmXNIE8>

- For parents who are unhappy with the Local Authority or school responses to their child's SEND, may wish to contact the Local Authority SEN Mediation Service . Parents may also seek mediation from the regional mediation services.

- Parents and carers can also appeal to the Government's SEND tribunal if you disagree with the Local Authorities decisions about child's special educational needs. You can also appeal to the tribunal if the school or council has discriminated against your disabled child. Information on this process is available here <https://www.gov.uk/courts-tribunals/first-tier-tribunal-special-educational-needs-and-disability>

23) Information on where the Local Authority's Local Offer can be found.

<https://find.redbridge.gov.uk/kb5/redbridge/fsd/localoffer.page?localofferchannel=0>
